A MESSAGE FROM THE HEALTH OFFICER

LENAWEE COUNTY HEALTH DEPARTMENT

It is my pleasure to present the 2021 Annual Report for the Lenawee County Health Department. This report reflects the dedication and effort put forth by health department staff, the Board of Health, the Lenawee County Board of Commissioners, Lenawee County Administration and the many community partners that came together to protect the health of the residents of Lenawee County during a challenging, yet rewarding year.

HIGHLIGHTS OF 2021 INCLUDE:

- Continued response to the worldwide Coronavirus (COVID-19) pandemic.
- Established a County COVID-19 testing site to increase COVID-19 testing capacity in Lenawee County.
- Worked with community partners to provide COVID-19 vaccination to the community.
- Communicated to the community through weekly COVID-19 email updates and townhall meetings.
- The Lenawee County Health Department was awarded the Pillar Award by the Lenawee Community Foundation.
- The Lenawee County Health Department was awarded the 2021 Humanitarian Award by the Lenawee NAACP.

The value of community partnerships has been fully expressed during the COVID-19 pandemic. The health department will continue work to strengthen existing partnerships and cultivate new opportunities for collaboration to improve health outcomes for our residents in the future.

Kind Regards,

Martha Hall
Health Officer
